

Nominations for the Officer's Training program on Medicinal and Aromatic Plants at TNAU, Coimbatore

As you are aware Medicinal and Aromatic Plants (MAPs) are becoming highly important due to their wide medicinal usage in folk and documented systems of medicine, like Ayurveda, Siddha, Unani and Homoeopathy. In this regard, ICAR-Directorate of Medicinal and Aromatic Plants Research, Anand, a national institute working on MAPs is going to organise a training program on "Conservation, Cultivation and Post-Harvest Management of Medicinal and Aromatic Plants" for capacity building of officers working on Medicinal and Aromatic Plants, Horticulture and Forestry from 28-30th June, 2017 (3 days) at the Department of Medicinal Crops, Tamil Nadu Agricultural University (TNAU), Coimbatore, Tamil Nadu. Nominations of officers/professors/research scientists from your department/university/organization to participate in this training at TNAU, Coimbatore are invited from various organizations.

The expenses for TA/DA as per the entitlement (up to IInd AC train fare) and boarding will be met from the Institute.

Enclosed herewith the nomination Performa. The last date of receipt of nomination will be 15th June, 2017 through mail, email and fax.
